PARTS & SERVICES

A close-up, low-angle photograph of a wiper blade on a car's windshield. The blade is dark and appears to be in the process of wiping. The background is a bright, hazy sky, suggesting a sunny day. The image is overlaid with a semi-transparent yellow and blue gradient at the bottom.

WIPING SYSTEMS

Maximum visibility for safe and uncompromised driving

■ Technology for optimal performance

Windshield wiper systems are complex devices that require reliable performance in any weather condition.

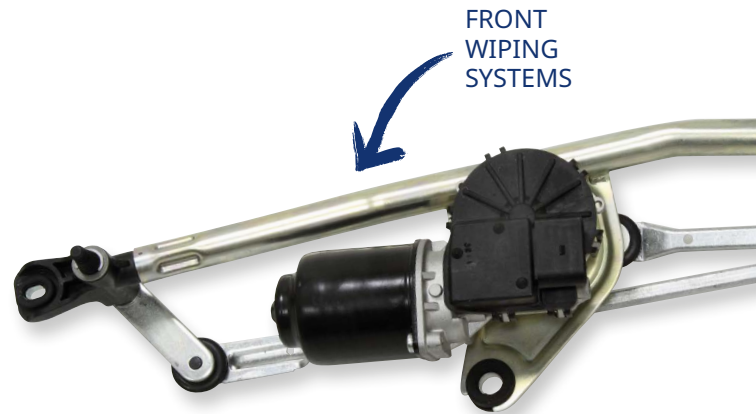

Comprising a wiper motor, transmission mechanism, arms, and blades, they are essential to ensure effective cleaning of the windshield or rear window.

■ Complete solutions for long-lasting repair

Magneti Marelli Parts & Services motor gearboxes, available in original or equivalent high-quality versions, guarantee smooth, precise, and reliable movements, essential for maintaining optimal visibility while driving in adverse weather conditions.

Their accurate sizing, exceeding the resistances encountered during operation, ensures consistent performance in every situation, from rain to snow, ice, and wind.

To replace damaged components, **Magneti Marelli Parts & Services** offers a variety of solutions, including complete systems and wiper linkage. These solutions ensure efficient and long-lasting repair while maintaining high standards of quality and performance.

■ Wide range to cover all needs

The constantly updated **range**, including motor gearboxes, complete systems, and wiper linkage, ensures coverage for a wide variety of cars and commercial vehicles on the Italian and European markets.

Thanks to the available product offerings, component replacement is quick and precise, providing the same level of quality and performance as those installed in the original equipment.

■ Windshield wipers: importance and benefits

Periodic replacement of windshield wipers is important to ensure proper functioning of the wiper system as a whole.

Efficient wipers help reduce system wear by ensuring uniform contact with the windshield and rear window, reducing stress on the wiper motor and driving mechanisms.

Magneti Marelli Parts & Services offers a wide range of windshield wipers, both standard and flat, for front and rear use.
